How About Breakfast at School?

The Menomonee Falls School Nutrition department is committed to the academic success of all of our students. The first and best tool that we can use to make sure all of our students are successful in school is to guarantee that each child begins the day with a healthy and nutritious breakfast – at home or at school.

The School Breakfast Program is available to all students at every school every day. No advanced registration is necessary. These supervised meals are nutritionally balanced, and vary daily. The best part is they are affordable at **\$1.45 for grades K-5** and **\$1.50 for grades 6-12** per day. If you receive free or reduced lunches, breakfast is free.
